**SUMMARY OF PRODUCT CHARACTERISTICS FOR A BIOCIDAL PRODUCT**

SZUKU szúnyog- és kullancsriasztó gél

**Product type(s)**

PT19: Repellents and attractants

**Authorisation number:** HU-2022-PA-19-00399-0000

**R4BP asset number:** HU-0029015-0000

## **5. GENERAL DIRECTIONS FOR USE<sup>1</sup>**

### **5.1. Instructions for use**

Spread the gel evenly over the skin surface to be protected.

When using on face, apply the repellent to the palms first then spread the product on the face avoiding contact with the eyes and the mouth.

Do not use on children under 2 years old. The product should be applied by an adult on children under 12 years old. Adults or children should not use the product more than once a day. Do not apply the product to children's palms.

Do not apply to sunburned or scarred skin, avoid contact with open wounds.

Users with known allergies or sensible skin should use the product with special care, i.e. treat only a small area of skin for the first time. Should allergic symptoms (such as rubefaction, rash, etc.) appear on the skin as a result of the use of the product, immediately remove by washing with plenty of water and soap.

Once protection against insect bites is not needed any more, wash treated skin with soap and water.

The product may damage certain synthetic fibres, imitation leather, plastics, watch glass, painted and varnished surfaces.

### **5.2. Risk mitigation measures**

Use according to the instructions.

Use only outdoors.

Preferably wear long-legged trousers and a long-sleeved shirt to reduce the amount of product needed for protection.

Wash hands thoroughly with soap and water after use and before eating.

The product contains a bitter taste (Bitrex) that prevents accidental human consumption.

Make sure that the product does not get on cutlery, food or feed.

Store locked up.

Manufacturer's recommendation: pregnant and lactating women should avoid using the product if possible.

### **5.3. Particulars of likely direct or indirect effects, first aid instructions and emergency measures to protect the environment**

Contact with eyes: wash immediately with plenty of water. If there are contact lenses in the eyes, remove them and continue rinsing for a few minutes. Consult eye-specialist in case of irritation or impaired vision persists.

Contact with skin: in case of allergic symptoms, wash affected area with plenty of water. Consult a specialist if you have persistent complaint.

Inhalation: move to fresh air.

Ingestion: Get immediate medical advice and show the label to the doctor.

Use caution when using the product to minimize the risk of splashing, dripping, and / or scattering on the ground.

### **5.4. Instructions for safe disposal of the product and its packaging**

Dispose of waste in accordance with local, national regulations. Do not re-use container for any purpose.

Prevent entry into drains or water-bodies.

---

<sup>1</sup>Instructions for use, risk mitigation measures and other directions for use under this section are valid for any authorised uses.

---

### **5.5. Conditions of storage and shelf-life of the product under normal conditions of storage**

Shelf life of the products is 2 years.

Store the product in the original container in a dry and cool place away from heat and direct sunlight.

Protect from frost, do not store at temperatures below 0°C.

Store at temperature no greater than 35°C

Keep out of reach of children. Keep away from food, drink and animal feeding stuffs.

---

## **6. OTHER INFORMATION**
